Founded in 2003, Sadhika Engineering & Project has been able to taste immense success under the inspirational guidance of the proprietor, Mr. Sabir. Located in Bhiwadi, Rajasthan (India), we are able to fulfill orders from all over India.

Infrastructure

Counting on our advanced facility equipped with the latest techniques and high tech machinery, we are able to produce a comprehensive range of optimum quality. We strictly make use of top notch raw material only which is source from trusted vendors.

Quality Control

Our main emphasis remain on the quality. This is why we have an excellent quality team consisting of consummate professionals with considerable experience and knowledge under their belts. It helps us to make sure our quality doesn't drop below the desired level.

Customer Satisfaction

We crave for earning appreciation from our customers. To achieve that aim, we pull in the same direction on the back of ethical business policies, stern quality control, state-of-the-art infrastructural base, varied range of products, swift delivery and nimble team of specialists.
